

25th Mini-EURO Conference

Uncertainty and Robustness in Planning and Decision Making

URPDM 2010

<http://www.inescc.pt/urpdm2010/>

Submission to Special Issues

Dear authors

As announced, special issues of the journals International Journal of Systems Science, Journal of Mathematical Modelling and Algorithms, International Journal of Intelligent Decision Technologies and Journal of Multicriteria Decision Analysis will be prepared on the topics of the conference.

We cordially invite you to submit your work for publication in these special issues.

All the contributions will be thoroughly reviewed according to the normal procedures of those journals.

Please send us to urpdm2010@inescc.pt the pdf file with your contribution, not later than September 30, 2010.

Please specify in your e-mail message your preference order regarding the journals in which you want your contribution to be considered. You will be then contacted by the special issue guest-editors who will allocate the contributions to the journals according to the topics of the papers and the aims and scope of each journal.

We look forward to receiving your contributions to the special issues.

Carlos Henggeler Antunes and David Rios Insua
(Chairs of the International Programme Committee)
